

AKiraChix Safeguardin g

- ★ Safeguarding is a policy that is done to protect people from any harm or abuse.
- ★ AkiraChix is committed to protect codehive trainees from any harm.

Key Points**Description**

Sexual
harassment

Making sure that no one is abused or sexually exploited by anyone.

confidentiality

Privacy is always maintained and no one's personal data is displayed in any way.

Health

Most things provided by AkiraChix are harmless and most equipment is cleaned everyday to make sure hygiene is maintained.

Key Points**Description**

Confidence

Every trainee is trained to speak up for themselves and know that their voice is heard.

Safeguarding awareness

Everyone within the AkiraChix compound becomes aware of all the rules to follow so that there can be no bridge of the laws.
